FAQ Part 1: Introduction & Usage

Q1: What is a Tasbih Ring?

A Tasbih Ring is a prayer tool designed in the shape of a ring, integrating the function of traditional tasbih into a small, wearable device for convenient Zikr and counting.

Q2: What are the different types of Tasbih Rings?

Button-Controlled Smart/Manual Tasbih Rings (with built-in display)Touch-Activated Smart Electronic Tasbih Rings, supporting auto-counting and multiple advanced features.

Q3: How do I use a Mechanical Tasbih Ring?

Wear it on your finger. For each Dhikr, roll one bead with your thumb. Track cycles mentally for a total of 33 or 99 counts.

Q4: How to use a Smart Ring?

Turn it on, pair with your phone if applicable. Select the Dhikr type, then tap the ring to count. The current count is displayed on the screen.

Q5: What is the battery life?

Battery life typically lasts from several days to weeks on a single charge. Smart rings come with a dedicated charging case for recharging.

FAQ Part 2: Specs & Care

Q6
What materials are Tasbih Rings made of?
Mechanical rings are often stainless steel or brass. Smart rings use lightweight, durable materials like aluminum or ceramic.

Q7
Are Tasbih Rings waterproof?
Mechanical rings handle splashes. Many smart rings have an IP67+ rating, allowing use during handwashing or swimming. Check specs.

Q8
Is wearing a Tasbih Ring permissible in Islam?
Generally permissible if the intention is for Allah's remembrance and the design is compliant. It's a beneficial tool for worship.

Q9
How do I order in bulk?
Own-brand iTasbeeh from 100 units: OEM custom from 1,000 units. Production: 25-30 days.

Q10
How do I maintain and clean my Tasbih Ring?
Wipe with a soft cloth. For smart rings, avoid getting the charging port wet and follow battery care instructions.

FAQ Part 1: Introduction & Features

Q1: What is a Quran Speaker?

A Quran Speaker is an electronic device designed to play audio recitations of the Holy Quran, often with features like multiple reciters, Azan reminders, and Bluetooth.

Q2: What are the core features?

Core features include full Quran recitations, Surah/Ayah selection, Azan reminders, Bluetooth, FM radio, rechargeable battery, LED display, and TF card support.

Q3: How do I set up the Azan reminder?

Select your city/time zone in the menu, choose your preferred Azan style, adjust prayer times, and activate the reminder. The speaker will call the Azan automatically.

Q4: Can I choose different reciters (Qaris)?

Yes, most speakers come preloaded with several famous Qaris. You can switch between them using the "Qari" button or menu, allowing you to listen to your favorite reciter at any time.

Q5: What is the sound quality like?

Sound quality varies by model. Entry-level speakers offer clear, crisp audio suitable for personal use, while higher-end models provide richer, more detailed sound with enhanced bass response and wider frequency range.

FAQ Part 2: Specs & Care

06 Portability & Battery?

Yes, it's very portable. Most models have a rechargeable battery that lasts several hours to a full day.

07 Connect to Phone?

Turn on the speaker's Bluetooth, search for it on your phone, and pair them to play your audio.

08 Internet Required?

No, basic functions like playing the preloaded Quran do not require an internet connection.

09 Speaker Malfunctions?

Charge the battery, press the reset button, or re-pair Bluetooth. Contact support if issues persist.

10 Choosing for a Child?

Look for simple controls, large buttons, durable/safe design, volume limiters, and child-friendly content.
